

## :- Internet of Things – The IoT World :-

### ☆ INDEX ☆

What is an ESP?.....	2
ESP8266 - AI THINKER - MicroPython SDK - Made Easy.....	6
ESP8266 - MicroPython - Push Button & LED Toggle.....	25
ESP8266 - MicroPython - Sending Data to AWS - Method 1 .....	29
ESP8266 - MicroPython - Sending Data to AWS - Method 2 .....	36
ESP8266 - MicroPython - Sending Data to Firebase DB.....	47
ESP8266 - A Webserver Using MicroPython .....	59
ESP8266 with Arduino IDE.....	63
ESP8266 Sensors Hub with Worldwide Access.....	68
ESP8266 Controlling Light Brightness Using ADS1115 .....	75
ESP8266 Interfacing Multiple ADS1115 .....	80
UART Communication between 2 ESP8266 .....	86
ESP8266 Push Notification to Android / iOS Mobile App .....	93
ESP8266 - Sending Sensor Data to Android Mobile App .....	105
Artificial Intelligence - ESP8266 Reading Hand Movements .....	120
ESP8266 Sending Messages to WhatsApp .....	129
Artificial Intelligence - ESP8266 Controlling RGB LED Using Virtual Buttons .....	136
ESP8266 Sending Data to Google Spreadsheet w/o Using Any 3 <sup>rd</sup> Party Tool .....	141
ESP8266 Reading RFID Cards & Live Storing Data into Google Spreadsheet .....	150
ESP8266, MQTT & Node-Red w/o using Raspberry Pi .....	154
ESP8266 & Blynk Communication .....	165
Controlling Nextion Touch Screen Using ESP8266.....	175
